Advisor Evaluation

Student is: **In Good Standing** **Not in Good Standing**

Advisor's Signature: _____ **Date:** _____

This form is used to evaluate a CEE student's readiness to take the Fundamentals of Engineering (FE) Exam. A student needs to score a passing grade on one of the two last subjects in the Evaluation Matrix, in addition to passing all the prerequisites, in order to receive a "Good Standing" evaluation. Students not receiving a "Good Standing" evaluation will not be able to get their FE Exam application signed by the CEE department. This evaluation only serves for one semester and can be repeated the next semester in case the student does not receive a "Good Standing" evaluation.
