The 2006 Florida Conference on Recent Advances in Robotics will be held on May 25 and 26, 2006 in Miami and will be hosted by the Florida International University College of Engineering. The conference venue will be the Graham University Center (GC) in FIU’s University Park campus located at the intersection of Tamiami Trail (SW 8 Street) and SW 107 Avenue.

Papers are invited in the following areas:

- Robot Kinematics and Dynamics
- Robot Modeling
- Software Development
- Robot Design and Control
- Serial and Parallel Manipulators
- Mobile Robots
- Humanoid Robots
- Autonomous Vehicles
- Unmanned Vehicles
- MEMS and Micro-Robotics
- Teleoperation
- Robotic Applications
- Biomedical Applications
- Space Robotics and Servicing
- Assistive Robotics
- Automation
- Classical, Modern, Neural and Fuzzy Control
- Manufacturing Systems Simulation and Controls
- Machine Vision
- Telecommunications and IT
- Supporting Component Technologies
- Robotics, Automation, Manufacturing, Control Education
- Curriculum Development

Florida Conference on Recent Advances in Robotics & Robot Showcase

FCRAR 2006

Miami, Florida
May 25-26, 2006

Submissions

All full paper submissions will be sent to tosun@fiu.edu in pdf format. Accepted papers will be published at the conference site. Formatting instructions for the papers can be found at the conference web site.

Entries to Robot Showcase can be in one of three forms:

1. Actual robot prototype and demo at the GC pit area.
2. Video entries.
3. Poster board entries.

Each entry should include a project title, authors and institution clearly identified.

Entries to Robot Showcase will be sent to tosun@fiu.edu with pictures in jpg format, videos in wmv, mpeg or avi format. Robot videos should include credits (project title, authors and institution) at the beginning of each video. Videos will be projected on large screens and looped at the GC pit area where actual robot demonstrations will also be carried out, and poster boards displayed.
