

ME CURRICULUM COMMITTEE
Florida International University
Department of Mechanical Engineering
Miami, Florida

MINUTES

July 31, 2002

The Mechanical Engineering Curriculum Committee met at 12:00 noon in the ME conference room. Present at the meeting were Cesar Levy, Yong Tao, and Sabri Tosunoglu.

The Committee did not proceed with its set agenda as it did not have a quorum. Approval of the minutes for the July 10 meeting and other issues were not discussed.

Two videotapes on ethics from a series entitled “Ethical Issues and Professional Life” recently purchased by the Department were reviewed:

1. Introduction to Applied Ethics and the Professional
2. Engineering Ethics: The Case of Challenger

It was informally decided to inform Committee members that it may be a good idea if these tapes are played either in EAS 2300 or cafeteria area to ME students and even possibly to the entire College at the beginning of the fall semester.

The meeting adjourned at 1:00 pm. Next meeting will be held in September 2002 and will be scheduled in concert with the College Curriculum Committee and Departmental Faculty Meetings.

Dr. Sabri Tosunoglu, Chair
ME Curriculum Committee
